

## Press Release

### Mobikey Truck & Bus: New Dealer for Foton Vehicles in Uganda Under a New Trademark to be Announced Soon

Mobikey Truck & Bus Ltd will soon announce a new trademark name that will be the official importer and distributor of Foton vehicles in Uganda. The new trademark will be responsible for the importation, distribution, and technical assistance of brand new, innovative Foton heavy trucks, medium, and light commercial vehicles in Uganda.

Speaking during the release, the Vice President of Foton Africa, Mr. Roger Luo, stated, **“East Africa is a very important market for Foton. We have carefully chosen a dealer to give exclusive rights to import and distribute Foton transport solutions in this significant market. Mobikey is a reputable company striving to keep the perspectives of customers and stakeholders at the core of their efforts every day, and together, we will deliver on our promises to our customers.”**

At the release conference in Kampala, Mr. Marco Durao, Head of Sales of Mobikey in Uganda, said, **“We have great faith in Foton commercial vehicles for transporting goods, services, and people across the country and beyond. Foton vehicles are now equipped with Cummins engines and ZF transmissions, strong technologies that have achieved breakthroughs in safety, reliability, fuel efficiency, and comfort.”**

**“Our mindset throughout the delivery of transport solutions has been to provide quality products to our customers by positively focusing on fuel efficiency and product performance,”** Mr. Durao added.

Currently, the Foton product line includes heavy trucks such as specialized long haulage prime movers and construction tippers, light trucks, medium-heavy trucks, and passenger cars like double-cab pickups.

He went on to say, **“Our technicians are already trained and will have access to diagnostic and database systems. Only genuine Foton parts will be used. Adherence to the manufacturer’s scheduled service intervals is not only vital for keeping our customers’ Foton trucks in peak operating condition but is also a condition of the Foton factory warranty and 24/7 worry-free road assistance.”**
